

# NORDIC PINE (ECOTHERMO EXT.)

THICKNESS X WIDTH  
FACE COVER: 27x125 mm  
WOOD SPECIE: NORDIC  
PINE (EcoThermo ext.)  
BOARD: Brushed solid wood

PROFILE: Tabacoa II  
SHADE: Café 111  
Ref. 567

sivalbp®  
bois, technologie & design

## PROFILE: TABACOA II 27x125

END-MATCHED

- **Rounded edges** for a better lasting of the finish.
- **Nailing line:** easy installation.
- **Secret nail** for a maximum wood moisture content of 18%.
- **Conical tongue:** better fitting and quick to install.
- **End-matched:** simplifies installation and reduces the cutting wastage.

## CHARACTERISTICS

- External EcoThermo solid wood board.
- **Tabacoa II profile, one secret nail on the nailing line, end-matched:** facilitates the fitting and reduces the cutting wastage.
- **Brushed surface:** it gives an optimal and texture surface; it brings out the natural grain and increases penetration and efficiency of the coating.
- Thermostabilised boards will clear up in the first weeks under the effect of UV and according to exposure and building's architecture.
- **Class 3.1 preservation, CTBB+ certified, sprayed on the 4 sides.**
- New generation preservation: **fungicide, anti-bluestain, insecticide, anti-termite.**
- Finish:
  - > **Water-based penetrating finish made with acrylic resin and natural mineral pigment (chemical free).**
  - > Industrial quality finish applied under strictly controlled factory conditions, ensuring consistent and uniform application.
  - > Application of a finish on the reverse side ensuring a good balance of the board.
  - > The durability of the wood is guaranteed for 10 years with preservation.
- The Sivalbp **Vintage** finish allows to delay the natural ageing process for minimum 3 years, according to exposure and building's architecture. Nordic Pine, lasting up to 50 years.

- EcoThermo external cladding, environmentally friendly.
- Vintage colours revisited.
- Preserves the natural look of wood.
- A protection against UV, chemical free and waterproof.
- A non film forming finish that penetrates into the wood and does not flake over time.
- Easy maintenance, allows naturally evolving wood.

## SHADE: CAFÉ 111

Color not recommended in the severe exposure areas described in FD P20-651 (AFNOR document).  
Dark saturators may show heavy resin exudation.

## WOOD SPECIE: NORDIC PINE (ECOTHERMO EXT.)

**Nordic Pine:** Scandinavian timber, lasting-up to 50 years, **PEFC™ certified.**

**Singularities and knots:** slow-growing essence; fine veining; medium knots.

- Friendly environmentally process and chemical free
- Exceptional durability and stability
- Better resistance to the weather
